

KEEPING YOUR HOME VIRUS-FREE

CLEANING and SANITIZING

SANITIZE YOUR HOME!

The CDC recommends we clean and sanitize every day, even if nobody in your home is sick.

Sani-Quat sanitizer is an E.P.A. regulated hard-surface sanitizer that is safe to use in your home and around kids and pets.

This is a ready-to-use, no-rinse sanitizer that reduces or kills pathogens.

- **Cleaning** is about removing contaminants from a surface.
- **Sanitizing** is about reducing or killing pathogens.
- **Clean and sanitize** daily if anything or anyone has entered or exited your home.

SANI-QUAT

The CDC recommends that high-traffic areas are cleaned and sanitized daily. Here are some of their suggestions:

- Doorknobs
- Table Surfaces
- Kitchen Counters
- Bathroom Counters
- Faucets and Faucet Knobs
- Toilets (Seat and Handle)
- Light Switches
- TV Remote Controls
- Game Controllers
